Part A (Continued) - INMATE REQUEST

Officer Engelson once again open my slot at Feed up Time (4:00 PM). Then Officer Engelson tried to escort me to get my Bandage changed. I explain to Him I did not want him to escort me anywhere and to get another officer. (This was at 6:45 PM) When the other officer came I refused, because I am afraid if I leave out the cell I will end up with an Assault charge or a Disrespect charge or something of that nature because Hes (Officer Engelson) is out to get me, and yes the charge will be fabricated. And Im trying to stop it before it happens. I did go get my Bandage changed or my Blood Pressure checked, because Im in fear. At 7:25 PM he opened my slot for meds. At 8:07 PM He (Officer Engelson) went into Mr. Arthur Phillips cell and tore his cell apart in a Alleged shake down. Mr. Arthur Phillips is a witness on my APP. This is the same thing that took place down MCT-H ^(Feb 12 2012) And is why Im in this situation because an officer came to my cell ^(on lock-up) to escort me on a so called medical pass, opening my door with no handcuffs, and I end up in NCET with a STAFF ASSAULT. All because ~~he~~ wanted to press charges on a Sgt Wynkoop. And thats the main reason I fear for my life is because when Officer Engelson threaten me, he mention, "one of the officers down MCT-H was a good friend of his". But it seems my Emergency Request was a good friend of his. Its ok and being in fear for my life means nothing. Its ok because Im just having everything on record this time just in case something does happen! And were going to see how people in Head Q's, IIV, and State Police React to my Emergency Request.
